

DISCOVER® FRAUD ALERTS

Prevent chargebacks. Preserve your reputation.

CARD-NOT-PRESENT FRAUD IS ON THE RISE

Card-not-present (CNP) fraud is a growing threat causing irreparable damage to companies' reputations.

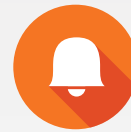

As technology advances, CNP fraud does too, becoming more sophisticated and appearing legitimate more often.

DISCOVER RETURNS CONFIDENCE TO CNP COMMERCE

While preventing fraud is important, maintaining your company's good name is critical.

Discover offers solutions that keep you one step ahead of CNP fraud.

FRAUD ALERTS: STOPPING FRAUD AT THE START

Fraud Alerts delivers the earliest possible warning of fraudulent transactions, because the sooner you know, the sooner you can take action.

Receive fraudulent transaction details to stop order fulfillment, cancel shipments, and return purchases from shippers.

HOW DISCOVER FRAUD ALERTS WORK

1 Cardmember or issuer notifies Discover of fraudulent transaction

2 Clients receive an immediate email notification

3 Clients log in for transaction details

REDUCE FRAUD COSTS WITH A FEW CLICKS

When you receive a Fraud Alerts email notification, simply log into Fraud Alerts. From there, you can:

- View details of all Discover transactions confirmed as fraudulent.
- Strengthen negative files and refuse acceptance of future fraudulent orders.
- Receive fraudulent transaction details to stop order fulfillment, cancel shipments, and return purchases from shippers.

IMMEDIATE FRAUD CONFIRMATION

Fraud Alerts will be sent as soon as fraud is confirmed. You can customize your notifications.
